

Lab Assistant

Location : Suresnes (92), France

Contract type : full time

Starting : ASAP

Contact: recruitment@phagos.org

Phagos is on a mission to create a cleaner, more sustainable future by using bacteria's natural predator, the bacteriophage, to win the fight against antibiotic resistance and to cure infectious diseases in animal farming.

Position Overview: We are looking for a diligent, multitasking, enthusiastic and detail-oriented Lab Assistant to support our lab operations. The successful candidate will play a crucial role in assisting with daily tasks and experiments. This position is ideal for someone with a Baccalauréat (A-Level) degree in Science who is eager to gain hands-on experience in a fast-paced lab environment.

Key Responsibilities:

- **Media Preparation:**
 - Prepare and sterilize media, solutions, and reagents for various lab experiments.
 - Ensure the accurate labeling and storage of all media and solutions.
- **Stock Maintenance:**
 - Monitor and manage lab inventory, ensuring all necessary supplies are well-stocked.
 - Keep detailed records of stock levels and help place orders for supplies
- **Daily Lab Tasks:**
 - Assist with the routine maintenance and cleaning of lab equipment and workspaces.
 - Ensure compliance with safety protocols and proper disposal of lab waste.
 - Collect, register and prepare samples upon arrivals as per standard procedures.
- **Experiment Assistance:**
 - Support researchers in setting up and conducting experiments.
 - Record and compile data, ensuring accuracy and attention to detail.

Requirements:

- BAC/A-level with a major in science a plus(BAC général/BAC technique/BAC pro)
- Basic understanding of lab techniques and safety procedures.
- Strong organizational skills and attention to detail.

- Ability to work autonomously and as part of a team.
- Excellent communication skills.
- Minimum C1 level in French
- Minimum B1 level in English
